

RING FRAME AUTO PIECING (RAP)

- Immediate attention based on YBS indication
- 24 x 7 effective operation
- Pneumafil waste reduction helps to increase Yarn Realization%
- Increased availability of Spindle for production by reduction of momentary stop Spindles

- Piecing time ~ 35s
- Piecing rate - Up to 80 /hr
- Manpower reduction (Up to 60%)
- Count – Ne 20 to 60s cotton

- Increased productivity (travel speed 30 m/min and intelligent travel logic)
- Applicable for both Normal / Compact Spinning
- Consistent yarn quality through precise piecing - Efficiency > 90%
